THIS MONTH'S HAPPENINGS

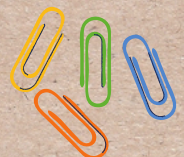

THE GRAND OLD LADY

Work has begun on the renovation of "The Grand Old Lady". The first steps of the project have already begun. An architect is in the process of completing plans for the renovation. Some of the major changes will be the addition of bathrooms for the disabled, air conditioning and an up dated kitchen that passes the Health Department standards. These changes alone will make usage of the clubhouse more attractive to renters and expand the use for community events.

IN THE KNOW

With Back-to-School in full force, there are no fundraisers or meetings being held in August. We're excited about our upcoming wine tasting fundraiser and General Meeting in September and our Drag Queen Bingo, basement cleanout and Trick-or-Treat events in October. Keep an eye out for dates and ticket information.

MEMBER HIGHLIGHT

This month, we're shining the spotlight on our member, Avril Martin. Avril's ties to the club run deep - she's part of our WTCC legacy, following in the footsteps of her great-aunt Rose, who was not only a longtime member but also served as president back in the 1950s. Avril resides in the same cherished home her great-grandparents purchased in 1945, a place that has been a hub for five generations spanning over seven decades.

Beyond her rich family history, Avril is an Interior Designer that crafts spaces that nurture the soul and inspire joy. As a Reiki Master, she helps foster the bodies innate ability to heal and brings the healing through her design. Avril has been baking since Jr. High and since 2008, she has been specializing in gluten/grain and cow's milk dairy-free baking that challenges people's preconceived notions of what gluten-free has to taste like.

Outside her professional achievements, Avril is also an multi-media artist and a devoted mom to both 2-legged and 4-legged babies.

Let's give a warm welcome to Avril Martin.
